AGE-WELL to Maximize Surgery and Procedure Results BENEV Partners with David & Mary in Multi-Faceted Approach

Mission Viejo, CA—A new partnership between BENEV Company Inc., an FDA-licensed pharmaceutical manufacturer, and David & Mary Salon and SafeSpa (Carmel, IN) is bridging the gap between medical esthetic procedures and clinical/home skin care. The **Save Face, AGE-WELL Preservation Plan** offers clients personalized, innovative, medically monitored skin rejuvenation programs that are tailored to optimize the results of any surgical or non-surgical procedures. Treatment plans incorporate BENEV's scientifically advanced home care products with clinical services available at David & Mary, including non-ablative lasers, LED light therapy, medical-strength chemical peels with BENEV's pharmaceutical-quality peel solutions, dermaplane, dermal rolling, and BENEV bio-engineered Growth Factors with transepidermal penetration for maximum interaction with skin cells. AGE-WELL focuses strongly on patient education, professional consultation, and proper skin care to help patients have the healthiest, most youthful-looking skin possible, no matter what their age.

David Miller, co-owner of David & Mary, said, "If people choose to get fillers or face-lifts, that should not be all that they do. We try to get them on good skin care before and after the procedure, and we think that we can make the results of their procedures last longer and look better."

Always looking for ways to improve their customers' results and spa experience, David and Mary Miller, spa owners, chose BENEV after extensive research. They were impressed by the efficacy of the products, the pharmaceutical-quality, concentrated ingredients, and the fact that BENEV's manufacturing facility is FDA-licensed, ensuring the safety, stability, and efficacy of each product. "When we have compromised someone's skin barrier function with a procedure, we need to feel that the products we send them home with will not cause a negative reaction, and that's what I like about BENEV—pharmaceutical-quality ingredients in not just the clinical products but the home care products," David Miller said.

About David & Mary

David & Mary is a lifestyle salon/SafeSpa that provides a full range of skin care including laser, BOTOX, IPL, and hair removal, along with a fully staffed hair and nail care department, aqua body treatments, and fantastic massages of all types. The salon integrates comprehensive skin and body care with professional hair and makeup instruction and has been earning client trust and loyalty for thirty years under the direction of husband and wife team David and Mary Miller.
